HOUSE BILL NO. 213 ON PASSAGE TO ENGROSSMENT

The Speaker laid before the House, as unfinished business, on its passage to engrossment,

H. B. No. 213, A bill to be entitled "An Act providing that the administrative control of the State of Texas over all matters pertaining to the production, transportation by pipe line and storage of crude oil petroleum, and the production, transportation and regulation of rates to charges for distributing, buying, selling, and delivering natural gas be vested in the Natural Resource Commission of the State of Texas; creating said Natural Resource Commission of the State of Texas to consist of three persons, etc., and declaring an emergency";

The bill having heretofore been read second time.

Mr. Pope offered the following amendment to the bill:

Amend House Bill No. 213 by adding at the end of Section 2 the following, to be known as Section 2-a:

"Section 2-a. (a) The Commission, in fixing its scheme of proration, shall always ratably deduct from the allowable from any well owned, controlled, or operated by any person, firm, or association importing petroleum oil into the United States, the equivalent of such imported petroleum oil as is used

to reduce the total allowable in that field or in Texas, and the amount so deducted shall be ratably used to increase the allowable of the wells not interested in such imported oil, but such importer shall nevertheless account to the royalty owner out of the amount of allowable, after such deduction, the full royalty due before such deduction is made.

"(b) The Commission shall, immediately after this Act becomes effective, make such experiments, tests, meter tests, and inquiries to correctly ascertain the greatest amount of oil which may be taken from each well in each field in Texas, and from such individual well total, give in barrels, the amount per well which may be taken without injury to the well and/or field. No allowable shall ever hereafter be required or permitted from any well or field until such records are made. Such records shall be kept monthly up to date and at the office of the Commission in Austin, Texas, and be open to inspection of the public at all times. No order fixing the allowable which may be taken from any well or field without injury to such well or field shall be valid unless based on scientific tests and correct conclusions resulting from the reasonable and practical methods of operating wells and oil fields to best produce oil.

"(c) The Commission shall be powerless to make any order of proration, or otherwise, which will deny the desired requirements of any pipe line or refinery not engaged in importing petroleum oil or its products into Texas or the United States."

Mr. Calvert moved the previous question on the pending amendment, amendments on the Speaker's desk, and the bill, and the motion was not seconded.

Mr. Wagstaff moved to table the amendment by Mr. Pope.

The Speaker announced that the motion to reconsider prevailed.

REASONS FOR VOTES

I voted "nay" on House Bill No. 213 because I am opposed to the creation of a new commission to do the work of the Railroad Commission elected by the people less than a year ago. I favor the tax feature of the bill, but feel that this could be accomplished by the Daniel bill now set for special order in the House. I expect to vote for an oil tax similar to the tax provision in this bill.

CAMP.

The voting machine made me vote "yea" and I intended to vote "nay," but before I could adjust my machine the vote was announced. I intended to vote against it because I believe it a dangerous bill. But I received requests from my district advising both ways on this bill so that I feel free to vote as I thought best, which I intended to do, but my machine did not work right. I am afraid that the bill is not good for the people of the State.

FISHER.

I vote "yea" on House Bill No. 213 for the reason that this Commission is created without cost to the general public, the Oil and Gas Division of the Railroad Commission being merely transferred to a separate Commission, and all the costs being borne by a tax upon the oil companies which are to be regulated, as has heretofore been the case, so that, in effect, this bill creates no new commission. The new body also takes over the work of the Board of Mineral Development, which costs the taxpayers about \$9700 per year, and abolishes said Board, resulting in considerable saving to the State by combining these boards. Furthermore, this Act would produce from seven to nine million dollars for our schools and will produce the like amount in State taxes.

FUCHS.

I am voting for this bill because it is the first measure coming before the Legislature to give us revenue to help us carry on our public schools.

FEW.

My reason for opposing House Bill No. 213 is because that, in my campaign, I pledged to the people of my district that I would oppose all bills pertaining to new commissions; and at all times would stand for economy and reduction in State expenses. Possibly, House Bill No. 213 has merits, but I think it unfair to bring indictment against the people of Texas in electing our three Railroad Commissioners and then taking this Commission out of their hands and creating a new Commission at this time.

THOMAS.

RECESS

Mr. Parkhouse moved that the House adjourn until 2 o'clock p. m., Wednesday, April 5.

Mr. Mathis moved that the House recess to 2 o'clock p. m., today.

The motion of Mr. Mathis prevailed, and the House, accordingly, at 12:30 o'clock p. m., took recess to 2 o'clock p. m., today.

AFTERNOON SESSION

The House met at 2 o'clock p. m., and was called to order by Speaker Stevenson.

BILLS SIGNED BY THE SPEAKER

The Speaker signed, in the presence of the House, after giving due notice thereof, and their captions had been read severally, the following enrolled bills:

H. B. No. 572, "An Act to amend Chapter 137, of the Special Laws of Texas of the Regular Session of the Forty-second Legislature, known as the Bexar County Road and Bridge Law, by permitting the commissioners court to re-allot certain funds; providing an effective date of this Act; repealing all laws and parts of laws in conflict; and declaring an emergency."

H. B. No. 557, "An Act providing for a closed season on quail in Archer County, and prescribing a penalty for violation thereof."

HOUSE BILL NO. 213 ON PASSAGE TO ENGROSSMENT

The House resumed consideration of pending business, same being House Bill No. 213, creating a Natural Resource Commission, on passage to engrossment; the bill having heretofore been read second time, and the House having reconsidered the vote by which the bill failed, on this morning, to pass to engrossment.

(Pending consideration of the bill, Mr. Camp occupied the Chair temporarily.)

REASONS FOR VOTES

I am voting for House Bill No. 213. It is my policy to vote against the creation of new commissions, but I feel that the tax feature of this bill, as amended, makes it desirable. I have been instructed by the people of my district to help secure more revenue with which to maintain our public schools, and I believe that this bill, if enacted by the Legislature, will serve the purpose.

GLASS.

My reason for not voting on House Bill No. 213 is that I was in a committee room at the time the vote was taken. I would have voted "nay" on the passage of House Bill No. 213.

WOOD.

I am voting for this bill because it is the first measure coming before the Legislature to give us revenue to help us carry on our public schools.
